RPM Industrial Coatings Group is home to several industry-leading coatings and finishings brands including FinishWorks, Mohawk, TCI, Pettit, KopCoat Protection Products, and Morrells Woodfinishes. RPM Industrial Coatings Group is a division of RPM International Inc., a \$7.3 billion global company with market and industry-leading brands in specialty coating, sealants, building materials, and related services.

WHAT MAKES TCI LIQUID METAL COATINGS STAND OUT?

TCI's liquid industrial coatings are designed to keep your products protected and looking new for years. Formulated for corrosion prevention as well as original color and gloss retention, these liquid industrial coatings will maximize the service life of your products, even in the toughest environmental conditions.

These coatings feature solventborne and waterborne technologies, built on a variety of resin platforms, which can be customized to suit your performance and color needs.

TCI's liquid industrial offers many price/performance, VOC, dry time, and other options that can be tailored to meet nearly any industrial coatings application need.
